INTERNSHIP EXPERIENCE

User Acceptance Testing

Five Freedoms Partners Inc.

- Participated in User Acceptance Testing (UAT) by working with end-users to validate system functionality and ensure it met business requirements.
- Gathered user feedback and conducted usability testing to identify issues and improve the overall user experience.
- Reported bugs, documented test results, and verified fixes with the development team before deployment.
- Strengthened communication, collaboration, and problem-solving skills by working closely with both users and developers throughout the testing process.
